## **General Information**

Main Screen – V7 Polling

The main V7 Polling screen has 3 different menus on the left side of the screen.

## V7 Program menu

The Program Menu lists the programs available in the V7 software. A Release Code is required for each program and will be given by Tri-Technical Systems only for those that have been purchased.

## Program Area menu

Each button on the Program Area menu opens a different area of the software allowing the user to save, send, program the register, delete, setup auto polling, etc.

## Machine ID and Program ID
